**CITY BECOMING
RENDEZVOUS FOR
ALL RAILWAY MEN**

Engineers, Surveyors, Contractors and Superintendents Gathering Here.

**GROUP AND DISCUSS WORK
HAS BEEN ACCOMPLISHED**

Most Will go Back on P. G. E. Between Prince George and Vancouver.

Edmonton's hotels these days bear a striking resemblance to the rendezvous for engineers, surveyors, contractors, superintendents, foremen and others identified with railway construction. In the lobby of the King Edward, Royal George and others every day can be seen these men alone, or in groups of two or three or half a dozen conversing with each other and with others, telling of difficult engineering feats and how they were overcome, what is going to be done this year, how the various roads compare as to grades and other interesting questions.

At the present moment a large number of men are in the city after finishing from six months to two or three years on the G. T. P. west, and a still larger number may be expected as soon as the steel work is completed next week. The genial P. G. Sullivan can be seen almost any time at the King Edward, where he has been staying for the past few weeks.

Edmonton's hotels these days bear a striking resemblance to the rendezvous for engineers, surveyors, contractors, superintendents, foremen and others identified with railway construction. In the lobby of the King Edward, Royal George and others every day can be seen these men alone, or in groups of two or three or half a dozen conversing with each other and with others, telling of difficult engineering feats and how they were overcome, what is going to be done this year, how the various roads compare as to grades and other interesting questions.

Among those in the city today are Thos. Thorpe, superintendent at the tunnel at Mile 127, on the G. T. P. in British Columbia; James King and "Black Jack" Macdonald, foremen for Burns, Jordan and Welch; John Ross, one of the Stems-Carey company, and Peter Jennings, who has just moved from the tunnel at Mile 126 to Prince George, where it will be used on the P. G. E. south along the Fraser river.

It was learned this morning in conversation with several of these contractors and sub-contractors, that the P. G. E. has decided that additional machinery will be necessary for the work on the mile-126 tunnel. At present 500 feet has been bored through the rock and 300 feet from the west. It is not through rock, but a kind of blue clay, with spring water oozing out here and there. It is probable that the whole tunnel will be supported by concrete.

Nearly all the men who have come off the G. T. P. construction are for the other and places only for a vacation and intend to go back to work on the Pacific Great Eastern, between Prince George and Vancouver this spring, as it is proposed to rush work some and have it completed in a year, after which it will be extended north of Prince George to the Peace River country.

Steel on the Canadian Northern is now at Lacuna, B. C., from there to Kamloops from the west. Contractors from that road state that they expect to drive the last spike in it about June 15, and then Edmonton will have two direct routes to the coast—one to Vancouver and one to Prince Rupert.

**FOR COMPULSORY
MILITARY SERVICE
IN THE DOMINION**

Huntsville, Ont., April 3.—Major Gen. Otter, in addressing the Canadian Club of Huntsville last night, stated that the Canadian militia was under strength to the extent of 8,000 officers and 200,000 men. He said the period of training was wholly inadequate, and that the situation as to national defence in Canada was lamentably weak. He advocated compulsory military training in the public and high schools and universities.

Highwayman Robs Girl
Nelson, B. C., April 3.—Robert Campbell, a highwayman, was arrested here last night after a long chase. He was found with a woman and a child in his hands. He was taken to the police station and is now in custody.

"ROUGHNECKS" TEAR DOWN TREES IN CITY PARKS AND ON THE BOULEVARDS; POLICE HOT ON THE GUILTY ONES' TRAIL

**SCHEME TO FORM
SEPARATE AD CLUB
IS NOT A WINNER**

Overwhelming Majority of Industrial Association Votes to Defeat.

**TO STAY DEPARTMENT
OF THE PARENT BODY**

General Desire for Unity and Organized Progress Evincing Decision.

The ad club department of the Edmonton Industrial Association held its first meeting and luncheon at noon today in the "Hudsonia" dining room. It was a "get-together" meeting, and the private dining room at "the Bay" was filled with adherents of the original club, from which has sprung the Industrial Association, indicating that this branch of the association is still probably the liveliest of all.

The only important discussion which came up was the question of whether to carry on the work as part of the association or organize a separate ad club, but the former course was finally overwhelmingly decided upon, and the following six members were named as a board of managers for the department: H. J. Roche, J. W. H. Williams, R. S. van Pelt, E. J. Strata, John MacLaren and Howard Stubbly.

**GIRL ASSERTS HER
HEALTH RUINED AS
RESULT OF HAZING**

Lafayette, Ind., April 3.—As a result of hazing in the girls' dormitory of Purdue University last January, Mabel Rogers of Shoals, Ind., yesterday filed suit against seven senior girls deemed responsible. The plaintiff, a first-year girl, alleges that up to the time she was hazed she was a healthy girl with normal eyes, but now her sight is impaired and her health destroyed.

**SUFFRAGETTES SET
FIRE TO A CASTLE
BECAUSE OF CARSON**

London, April 3.—Suffragettes set fire to Laburnum castle, Antwerp, last night. They left a message for Sir Edward Carson vowing vengeance. Sir Edward made the announcement that the castle was set on fire in favor of the suffragettes. The fire was discovered before any serious damage had been done.

**BOXER DEAD; DOCTORS
SAY THAT PNEUMONIA
WAS THE REAL CAUSE**

Atlanta, Ga., April 3.—James Grant, bantam weight boxer, who was killed last night at the end of a ten round bout here with John Eagers, of New York, died early today. Physicians said pneumonia caused his death and that a minute examination of his body showed no marks of serious punishment.

**TORY GOVERNMENT
ASKED TO EXPLAIN
FREAK RATES HERE**

North Edmonton, in City Limits Has No One Cent Letter System.

**MUCH INCONVENIENCE
TO RESIDENTS THERE**

Postmaster Declares That the Postoffice There is an Independent One.

Many people have asked the question why it is that a two-cent postage rate is charged on letters to North Edmonton from the city. Postmaster Armstrong has been questioned on the subject this morning, stated that North Edmonton is an independent post office, although within the city limits, and that as such the two-cent rate must be charged.

Postmaster Armstrong stated that it was during his last term as mayor of the city that he was able to get the department at Ottawa to grant the one-cent rate to Strathcona, and believes that the time is not far distant when the one-cent rate will be in vogue to North Edmonton as well.

At the present time a great many make the mistake of putting only a one-cent stamp on letters addressed to the northern suburbs, and thus cause unpaid postage to be met at the other end by the receiver.

The North Edmonton Civic association is at present using its influence to bring about the one-cent rate.

**COMMITTEE PEEVED
OVER SENATE'S ACTION
IN RESERVING BILLS**

Ottawa, April 3.—The senate's action in advising the decisions of the committee on the period of time for the granting of extensions for two years, as has been usual, made it one year in the case of the one-cent rate. When they went to the senate the two-year limitation was reintroduced.

The committee concurred in the amendments made by the senate committee and granting a two-year extension to the Calgary and Edmonton line.

A deadlock between the two houses, however, is probable in regard to the Saskatchewan-Central bill.

If the two houses cannot agree, of course the bill will fall. The Calgary and Edmonton is a C. P. R. subsidy, while the Saskatchewan-Central is controlled by the C. N. R.

**STATED NUMBER
OF ARRESTS TO
BE MADE SOON**

Grass Destroyed and Shrubs Torn Up By Roots in Several Places.

**VANDALISM OF THE WORST
TYPE, SAYS COMMISSIONER**

City Officials Make Inspection—State Perpetrators Will Suffer.

For the last few weeks considerable tearing upon the trees in the boulevards and parks has been going on, and the police have been doing their utmost to gather in the guilty party or parties who have been perpetrating these wanton crimes.

Yesterday afternoon, when Commissioners Booth, Harrison, Chalmers and Saunders were on their inspection of the city, parks, buildings, and parks they noticed, several places where property had been apparently wilfully destroyed or damaged.

A case of more than ordinary destructiveness was discovered near the corner of Eighth avenue and One Hundred and Tenth street, (second avenue south and Sixth street west). Here for a considerable distance the trees had been broken and torn up, the grass and sod damaged and the whole making a very unsightly picture in comparison to that of a short time ago.

The commissioners made a thorough inspection of this in conjunction with several of the city police force and it rumored that a number of arrests will be made very soon.

Commissioner Booth informed a Capital reporter this morning that the police or persons who would wilfully destroy or damage any of the city parks or boulevards are guilty of the crime of vandalism, and he had never heard of and deserved the full penalty of the law and he also added that the guilty parties are located, which he thought at the present time from the evidence already before him, that the people of Edmonton expect the extreme penalty for hideous destructiveness, and that with Commissioner Harrison at the head of this particular department the rate-payers could be assured of a thorough and judicious administration of their work.

**LICENSE OFFICERS
SECURE CONVICTIONS
AT END OF STEEL**

Detectives of the liquor license branch of the attorney-general's department, returning from a trip to the end of steel on the C. N. R. Peace River line, northwest of Edmonton, report a cleanup at Sturgeon. The following were heard on March 21 by justices of the peace McKenna and Barrett at Lac Ste. Anne: Edward Young, selling liquor without a license, fined \$100 and costs; Walter Brown, selling liquor without a license, fined \$100 and costs; and Robert Scott, fined \$100 and costs for keeping liquor in his possession for sale or barter. Mrs. Carmen of Roydale, fined \$100 and costs for selling liquor without a license and \$25 and costs on another charge; E. Fiewell, fined \$100 and costs for having a pool room open on Sunday. Afterwards Fiewell assaulted a peace officer, fined \$100 and costs, and was also fined \$100 and costs for being drunk and disorderly. Two other parties, charged with carrying liquor for sale, were also fined \$100 and costs.

**DETECTIVE SHRYER
IS DISMISSED; NO
REASONS ARE GIVEN**

Detective Shryer was dismissed summarily from the police department this afternoon at 2 o'clock, but no reasons were given for his dismissal.

Shryer has been on the local force on two occasions. He left about a year ago, but was given his old position by ex-Chief Carpenter about three months ago.

**MANY SORES IN
COMPETITION FOR
WINDOW PRIZES**

Judges Will Make the Rounds Tomorrow to Select the Winners.

**THIRTY-TWO HOUSES
WILL BE IN CONTEST**

Practically Every Line of Business Represented in the List.

In the window dressing competition there are five stores entered under Class A, and 32 under Class B. The judges will have a busy time tomorrow when they make the rounds of 32 stores in the city and pick the winners for the several prizes offered by the exhibition association. The stores competing in the two classes are as follows:

Class A.
Somerville Hardware Co., Caledonian Department Store, Acme Co., Hudson's Bay Co., Blower-Henry.

Class B.
Hardisty's Drug Store (north window), H. & B. Jewell, 444 Jasper Ave.; John Hardy, 110 Whyte Ave.; W. Chapman Decorating Co., 224 N. W. 1st; Burns & Co., C.N.A. Fruit Store, 348 Jasper St.; Geo. H. Graydon, King Edward Pharmacy, 260 Jasper St.; M. Lurie & Co., 230 N. W. 1st; H. & B. Jewell, 444 Jasper Ave.; Edmonton Tent & Mattress Co., 2nd St.; Dairy Stores Ltd., 1619 Jasper west; Benson, Graham & Foster, 625 First St.; Hart Bros., Queen's & Jasper; Gorman, Clancy & Grindley, Fifth St. and Jasper; J. H. Morris Co., 250 Jasper St.; F. A. McClure & Co., 1401 Sydenhame; Thrasher Drug Co., 223 Jasper St.; Imperial Grocery Store, Stoney Plain & 24th; Gilpin & McCumb, on Jasper between First and Second; F. Hay Burt, 425 Jasper west; Fraser, 621 First St.; Richards Bros., Whyte ave.; Hill's Drug Store, 619 First St.; Hargreaves, 33 Jasper St.; Arcade Confectionery, 33 Jasper St.; City Grocery No. 2, 24th & Athabasca; Porter-Taylor Co., 33 Jasper St.; Archibald's Drug Store, 313 Jasper St.; Jackson Bros., 237 Jasper St.; Klins Jewelry store, Jasper and Queen; custom shop, 630 First St.; Agnew's Drug Store, Shasta Bldg.

This outside attraction for a long show week has been taken up with enthusiasm by merchants, and the store windows are a sample of the artistic work which the people of Edmonton have learned to expect in window decorations.

The entries made to date cover almost every line of business carried on in the city, and any one window is worthy of a special inspection trip down town. Bright are the streets with draperies of blue and yellow, and the larger window crans will be greater than ever before when the people realize the beauty and brilliancy of the state window.

Apart from the artistic merit, the originality displayed in carrying out the show idea is a study in itself.

The entries have been far beyond the expectations of the management, and the high-hearted enthusiasm of older and larger cities.

Edmonton's wide streets and secular buildings adapted to artistic window dressing and the merchants have shown that they are alive to this gratifying and as it were the makers of Edmonton in providing a spacious outlook for their window.

**NEW CITY HALL
CONTEMPLATED ON
THE SOUTH SIDE**

Commissioners Harrison, Chalmers, Booth and Saunders took a trip to the south side city offices yesterday to look at the site for a new city hall and building inspector's department as at present situated across the road from the civic block on First avenue north.

Owing to the immense increase in business it has been deemed inadvisable to continue the present quarters to the city hall across the street.

It was stated by one of the city commissioners that the transfer would be made as soon as one or two partitions could be torn out and some more fixtures added and the departments at present there could be slightly rearranged.

The commissioner states that if a phenomenal growth continues in the present year it is in the past a new city hall will have to be built on the south side. The present one is inadequate, he states, to hold the departments with the large business now being carried on in the city.

Reported Arrival of Vessel Proves Untrue After Government Inquiry.

**EXPANDED SEARCH IS
BEGUN FOR STEAMER**

Appeal is Made to the United States to Give Assistance in the Work.

St. John's, Newfoundland, April 2.—There was growing apprehension today that the sealing steamer Southern Cross went down all hand during the blizzard off Cape Race on Tuesday. She carried a crew of 170 men and had heavily loaded with 15,000 seal skins, the product of a hunt recently concluded in the Gulf of St. Lawrence.

Officials of the vessel, based on a despatch from Sydney, N.S., which stated that a wireless message had been received there reporting the arrival of the Southern Cross, was dispatched before noon when the government after several hours' inquiry declared the Sydney report untrue.

The government has instituted an extensive search for the missing vessel and appealed to the United States for assistance. The Newfoundland coast guard cutter, the Newfoundland, which has a good wireless equipment, was chartered for the search and will sail at midnight for the Gulf of St. Lawrence.

The American revenue cutter Seneca, which is doing iceberg patrol duty several hundred miles off the southern coast, was asked to assist.

The sealer Belvedere, with her crew of 20 men, is in the Gulf of St. Lawrence, about 100 miles north of here, and cannot arrive before Sunday. She went to the aid of her sister steamer, the Newfoundland, when 120 hunters from the latter were caught by the storm while killing seals Tuesday and were unable to regain their ships.

The Belvedere, the Stephan and Florio picked up many bodies and a number of survivors. It is known that 58 lives were lost, and some 30 more are accounted for. It is believed that it is scarcely possible that the latter could have survived the long exposure on the ice floes.

TORREON FILLS! VILLA CAPTURES MANY PRISONERS

Soldiers are Exhausted from Fighting and When it Became Known That the Enemy Had Been Routed, Most of Them Dropped Asleep in the Streets Where They Happened to Be.

Gomez, Palaco, April 2.—At 11 p.m. Thursday, General Villa occupied Torreon. Some of the federals who had been fighting on the outskirts of the town fled, but a large number of prisoners who had been defending the barricades were captured. The soldiers were exhausted from fighting and when it became known that the enemy had been routed, most of them fell asleep in the streets, wherever they were. The streets are full of dead and wounded.

Months in Preparation.
Juarez, April 2.—The campaign against the Federal stronghold of Torreon, the main objective of the rebel campaign, began suddenly two weeks ago. General Villa spent months in making the most careful preparations.

The rebel loss in this campaign is said to be well over 2,000 killed and wounded. Trains loaded with the latter have been arriving daily at Chihuahua for the last week.

The rebel commander moved with a rapidity hitherto unknown in Mexican warfare. He worked his men in shifts, and as one shift became exhausted he sent fresh men against the enemy.

A number of smaller towns of lesser importance in a military sense fell first—Magin, Koe and Sacramento, where a bloody battle was fought. This opened a path for the main attack. Next came Lerdo and Gomez Palaco, popularly known as the "Red Line" and connected by a belt street car line. Lerdo was not defended, but it took three main assaults to capture the rebels laid heavily, to take Gomez Palaco.

Another Bloody Conflict.
In the final attack upon the city troops were withdrawn from Lerdo, whereupon the federals occupied it, and another sanguinary conflict was necessary to retake it.

The victory at Torreon gave the rebels undisputed control of the central part of northern Mexico, six hundred miles south from the Rio Grande. Its full effect cannot be summarized in a moment, but prestige, and power, it is said, its value is incalculable. It is certain to make recruiting a comparatively simple matter and

Villa Sends Message
The translation of the message received by Gen. Carranza from Gen. Villa is as follows:

"Torreon, Coahuila, Mexico, April 2, 1914.

"General Venustiano Carranza, supreme chief of the constitutional army:

"On this moment the remnants of the federals are leaving Torreon in flight. After 11 days of a terrible fighting, in which we lost 1,500 wounded and 600 killed, and the federals from the enormous number of bodies killed, and their number wounded, I am unable to estimate. Our forces have full possession of Torreon. I regret to announce that among the wounded were Gen. Yzabel Robles and Gen. Calles. I congratulate and salute you with respect and esteem that I always have had for you. Your subordinate,

"Gen. Francisco Villa,

"TIZ" FOR ACHING, SORE, TIRED FEET

"TIZ" for tender, puffed-up, sweaty, calloused feet and corns.

"Ah! Boys, 'TIZ' is the thing!"

People who are forced to stand on their feet all day long know how tender, sweaty, burning feet mean. They use "TIZ" and "TIZ" cures their feet right up. It keeps them in perfect condition. "TIZ" is the only remedy in the world that draws out all the poisonous exudation of the feet, soothes the inflamed and tender skin, and causes tender, sore, tired, aching feet. It instantly stops the pain in corns, callouses and bunions. It is a large order for the Hotel MacDonald, before the opening next autumn.

and he pointed out the fact that if \$40,000 were borrowed this year at the end of 40 years by way of sinking fund and interest, the city would have a surplus of the \$200,000.

Alderman Sheppard asked the loyal support of everyone for the passing of the money bylaws. Special attention was paid by him to the parks and markets. A temporary market building is to be erected on the present market site. It was necessary, he stated, to continue to hold our good credit foot-prints in London, England, and to do this it would be necessary to pass the bylaws. It was pointed out that the better the city was, the better the working capital last year than have had to delay construction until a working capital had been borrowed from the bank.

Alderman Clarke spoke along the same lines as those at the south side meeting.

Robertson Church Meeting.

At the meeting held in Robertson church, ex-Alderman J. P. Macdonald addressed the meeting for a short time and was apparently against the majority of the bylaws. Someone in the audience asked him for some enlightenment as to why he should not vote for the majority of the bylaws, and Mr. Macdonald did not seem to have any information.

Dr. Revell spoke in favor of the Edmonson scheme of street naming and numbering. He said that it had been endeavored to retain a large portion of the old system and at the same time to overcome some of the most objectionable features of the all-Edmonson system.

Alderman Smith spoke strongly in favor of the all-Edmonson and stated that two centers would be in the city under the Edmonson system.

Alderman East, quoted many facts and figures in the financing of the city for next year. He was strongly in favor of all the bylaws and urged the necessity of the hearty endorsement of the ratepayers next Monday.

SAYS EDMONTON WILL GET TRADE OF CENTRAL B.C.

(Continued.)

Should Start Now

"Right now is the best opportunity for Edmonton business houses to secure the trade and become firmly established in the new territory."

"I walked about 60 miles and drove 70 of the distance between Prince George and Hazelton, and when I walked up the new grade—where a year ago not a shovel had been turned—met the great pioneer, the track-laying machine of the G.T.P., crawling ahead from the west to meet its brother in Hazelton following up close behind me from the east. It was no more the significance of a great historical event."

Steel Connected Seen

"This week the ends of steel will be connected, and as soon as the last of the track can be done, through trains will run from Winnipeg to Prince Rupert. The Grand Trunk Pacific last year ordered equipment for ten beautiful new passenger trains for the through traffic and at the time the order was given there was no such hand-to-hand connection as completely, luxuriously equipped trains on the American continent. Don't forget that these trains will all run through Edmonton and the G.T.P. should carry at least a quarter of a million tourists through Edmonton next year, going and coming in accordance with the Panama-Pacific exhibition. Also, don't overlook the fact that between Edmonton and Prince Rupert is the finest and grandest mountain scenery on the continent."

Prove Great Attraction

"This will be one of the great attractions for continental tourists. And to this the people will have to pass through Edmonton."

"I took about 400 photographs on the trip between here and the coast, and will send them out with newspaper and magazine stories showing and telling the people down east and the states and the old country just what we have for them in the B.C. The Nechane valley has a most beautiful climate and the settlers will pour in now that the rail line gives them access."

Edmonton's Big Chance

"And in this connection remember Edmonton can supply these people with most of their merchandise and industrial necessities."

"There is going to be a huge amount of immigration this year and next, and the Canadian government offices in the states since the first of January and found that twice or more than twice as many inquiries were being received as at the same time last year—and from a far more substantial class of people."

Bead Novelty Department

We are adding a bead novelty department to our stock which will be opened to the public Saturday, April 4th.

The goods in this department consist of a large and varied collection of ladies' genuine flower bead neck chains, and hair ornaments manufactured from actual flowers in all the different colors, and are from the first rose bead manufacturers in the world.

An item of interest is the fact that every bead is made by hand and hand carved in most beautiful designs. The original fragrance of the flowers is maintained and is everlasting.

THE MASTERS PIANO CO.

423-425 Jasper Ave. West.

HOME OF THE NEW ART BELL—THE PIANO WITH THE SWEET TONE.

This department will contain a choice selection of Venetian and cut glass beads, also dress trimming beads, and material for all kinds of bead work, which will be taught to those interested, and lessons will be given free.

The goods for this department was personally selected by Mr. Masters himself with a view of obtaining nothing but the best, and they are without question the finest the world affords.

Every lady in Edmonton is cordially invited to attend our opening on Saturday, and inspect this fine stock, which is the largest of the kind in Western Canada.

Dizzy Headaches

Cured in One Night

If Troubled With Head-Fullness, Ringing Noises, Specks Before the Eyes, the Stomach is at Fault.

Quick Relief and Certain Cure Given From Dr. Hamilton's Pills.

"I had terrible pains in my head. My appetite faded away, and when I did eat anything it disagreed and made me very sick for hours after each meal. The pains in my stomach and the dizzy feeling I had to endure almost set me wild. Sometimes attacks came on so severely that I had to go to bed. I would feel so weak, depressed and utterly miserable that for hours I wouldn't speak to my family. My system was poisoned with wastes and nothing helped me till I used Dr. Hamilton's Pills. Without this grand system-clearing remedy I would still be sick, but each day brought me better health and spirits. I was cured and made strong, ruddy, and healthy, and will always use and recommend Dr. Hamilton's Pills."

"MRS. H. C. CHURMAN.

"Thousands who are in an ailing low state of health need nothing else but Dr. Hamilton's Pills. Five boxes, or five boxes for \$1.00, at all drug stores, or stockholders, or the Canadian Dispensary, Company, Buffalo, N.Y., and Kingston, Ont."

**SAYS FORT GEORGE
TRADE WILL MEAN
MUCH TO EDMONTON**

J. J. Fahrenkoff, a sub-contractor on the construction of the Pacific coast railway, south of Prince George, is at the Royal George today and states that he expects all the money to be spent on the northern portion of this new railway will in one way or another find its way into Edmonton, because Prince George will be the base of operations for the contractors for the next two years or more and Prince George must get the major part of its supplies from this city. It is hoped to have the P.C. steel linked up between Vancouver and Prince George in a year and with that end in view a great army of men will be employed on it, working out of Prince George for the season. Mr. Fahrenkoff estimates the number at 7,000.

Free French Classes.

**AT COST OF \$5,000
PUMPING STATION
WILL BE BUILT**

On the recommendation of the city engineer the commissioners decided this morning that the pumping station at the intersection of Seventh street and Sixth avenue south would be built by the city at once. The cost will be approximately \$5,000, exclusive of pumps. The urgent need is that the city propose to take care of the surface and storm water from the sewers to be built by contractors in the Parkdale and Beau Park districts. A piece of trunk sewer will also be necessary at a cost of \$4,000. It will be cheaper in the end for the city than if the contractors were allowed extra to take care of the water, states the city engineer in his report.

**APPLICATION BEING MADE
FOR INCORPORATION TOWN
OF PEACE RIVER CROSSING.**

Peace River Crossing will be the furthest north in the municipality in the province of Alberta, if the application for the formation of same, which has now been made, is granted by the department of municipal affairs of the government. It is a present being dealt with by the department of the north town has been Ground, which holds the distinction of being the only incorporated town in which is known as the Peace River country, while Grande Prairie and Beau Lake are so far the rural municipalities in the province which are situated nearest to the north pole.

**UNDERWORLD GIRL
TEELS QUEER STORY**

Says Man Flashed Badge and Demanded "Hush Money" From Her.

GAVE HIM FIFTY DOLLARS

Police Investigating as Result of Statement Made by Witness.

Eva Smith, a girl of the underworld, charged in the police court this morning and filed twenty dollars and cost swore on the witness stand that she gave fifty dollars "hush money" last night to a man who flashed a badge in her face and claimed to be on the local police force. She gave testimony to effect that the man came to her without any solicitation, warning or invitation whatever, and showing his badge, demanded money, promising to return not to "squel" the woman at first offered him five dollars, but he persisted to be about to arrest her when she "came across" with the fifty, and then he walked away. She does not know whether the man was in the force or not, and did not get any number or other reliable identification marks.

The police are investigating the matter further.

**PERSONS NOT ON
VOTERS' LIST MAY
VOTE IF ENTITLED**

When the voters' list was being compiled there were several names inadvertently omitted but this will not deprive the legitimate voter from voting. Those who have no polling station assigned to them in the voters' according to an official list may vote at the most convenient polling booth to them by making a declaration to the effect that they have not voted elsewhere.

The plebiscite to be taken on street names will have the following questions of ballot. Which do you favour—(a) The all-numerical scheme of 1913, whereby the numbers of the houses in the city, (b) The scheme of Edmonton, partly numerical and partly names, and giving small numbers in the two centers of the city, on each side of the river.

It was previously stated that the hours for polling would be between 10 a.m. and 9 p.m. but the hours have been changed to 9 a.m. to 8 p.m. making the opening and closing of the polls an hour earlier.

**WAINWRIGHT ELECTORAL
DISTRICT FIELD DAY AN
UNPRECEDENTED SUCCESS**

Field day in the Wainwright electoral district on Sunday last was a great success. Ministers and missionaries co-operated and preached temperance sermons in all the towns and many outlying districts. The financial returns were very gratifying. The people responded most heartily.

On the following Monday an election was held in the riding of Wainwright. The entire constituency was organized for active work. The following were elected as officers: President, Rev. C. R. Concoran; vice-president, Rev. N. C. Panquay; secretary, S. D. Mills.

The following persons were named as executive: Dr. J. A. Little, Harry C. T. Lally, Thomas Crumpton, Harry Cook.

Others will be added to the executive committee and are expected throughout the entire district. All ministers in the constituency are being urged to co-operate. The attendance of delegates was very large. The residents of the town of Wainwright also were present in good numbers. The whole meeting had a splendid interest and enthusiasm.

STREET RAILWAY NEWS

Maximum number of cars in service April 2nd, 56.

Interpretation:

Route No. 1—One car delayed at Hazelton, Alberta, owing to twisted trolley pole. Ten minutes delay.

Route No. 2—One car delayed at Hazelton, owing to twisted trolley pole. Ten minutes delay.

Suggestions—It is a regrettable fact that many persons insist on boarding a suburban car to reach a close-in destination served by another route where the service is better. In all fairness to the suburban lines, it is best to ask passengers to use your own route always and thus save yourself and others unpleasant overcrowding.

**NORTH EDMONTON
NEWS.**

The Young Men's Social club of North Edmonton held a smoking concert last night, when a very interesting program was given and a large number of new members were enrolled in the club membership. It was a novel scheme to increase the membership was used by the organization, which one present at the concert meeting was to get three new members. These three new members were two organists and these three in turn were to get one new member each, so that the membership of this new club was rapidly increasing in size. The officers of the club are: president, George J. Campbell; secretary, George Staines; treasurer, Frank Thompson; executive committee, George J. Campbell, J. Peritt, H. Hodson, A. Sparrow, J. Laugust and J. Wigham. The club meets every two weeks and it is their intention to branch out into athletic activities this summer.

The young people of McQueen Presbyterian Church, North Edmonton have organized a Young People's Guild for the following officers: president, Hon. president, Rev. F. D. Housh; president, George Thompson; secretary, George Staines; treasurer, Frank Thompson; executive committee, George J. Campbell, J. Peritt, H. Hodson, A. Sparrow, J. Laugust and J. Wigham. The club meets every two weeks and it is their intention to branch out into athletic activities this summer.

**POSTOFFICE AGAINST
PERSONAL ABUSE IN
RELIGIOUS PAPERS**

Ottawa, April 3.—"Any paper discussing religion in an abstract way is responsible for its own opinions and is not in any way interfere with such papers. Men may be Protestant or Catholic in the extreme and may hold their views in the extreme and give pronounced expression to them in the most extreme way, and the post-office department would not interfere at all. But when personal abuse reflecting upon the honor and chastity of women and clergy of any denomination as a whole is indulged in, or when women of a certain faith are reflected on, as has been done in 'The Menace' then this department understands it is its duty not to allow such things to pass through the mails. This is the law which the department has followed in the past and intends to follow in the future. It has been and will be applied impartially to all papers, Catholic or Protestant, which may indulge in such things."

In the above statement issued in a memorandum yesterday by Deputy Postmaster General Coulter, concerning the placing of the ban upon an American-Canadian publication called 'The Menace' and published at Aurora, Missouri, the policy of the department in connection with such matters is enunciated.

ROYAL SOCIETY OF ST. GEORGE.

The next meeting of this society will be held on Tuesday, April 7. In the C. P. R. building, Jasper avenue (room 20), at 8 o'clock. Highly important business will be transacted and all Englishmen and Welshmen who have the welfare of their brethren at heart are cordially invited to attend.

DR. HARRY SMITH'S OPPORTUNITY
TO DEMONSTRATE CIVIC PATRIOTISM.

It seems unfortunate that business so important as that of the city of Edmonton can be cluttered up through the interpolation of such vacuity as is constantly evidenced by Alderman Dr. Harry Smith. As a matter of civic patriotism he should resign and relieve the city of the burden of such stupidity.

REGISTER YOUR VOTE IN FAVOR OF ALL THE MONEY BYLAWS.

The opposition to the money bylaws which started off with considerable eclat seems to have narrowed down to an attempt to knock out the three refunding bylaws, Nos. 18, 19 and 20, and the working capital bylaw.

Opposition to these bylaws is so variously expressed by various people that it bears the ear-marks of a desire to find an argument or create a confusion which will justify the opposition rather than a purpose to oppose their ratification upon any clearly-defined failure or deficiency in the construction or purpose of the bylaws.

Such opposition is so general that it is difficult to find a great number against the bylaws. Ratepayers who may have placed any credence, for instance, in the loose allegations that the amount represented in the refunding bylaws, 18, 19 and 20, might be squandered by this or some subsequent council in some unauthorized expenditure should be pretty thoroughly reassured by the city solicitor's letter showing that such a thing will not be done.

It must be pretty thoroughly understood by now that the purpose of these refunding bylaws is not to raise money, but to readjust the local improvement charge. Last year's council changed the system so that instead of charging 20 per cent. to general taxation and 80 per cent. to abutting property, local improvements were charged in full to abutting property. In doing so, last year's council did not ask the consent of the ratepayers, but made the change arbitrarily through an amendment to the charter secured from the legislature. The wisdom of this amendment was seriously questioned by the legislature, but the house committee having the matter in hand took the ground that the council represented the city and the demand of the council must be regarded as the demand of Edmonton.

The present council might have followed the same course and passed a resolution calling for a charter amendment changing the system back to that in vogue previous to 1913, but it prefers rather to take advantage of a charter provision which permits the question being put up to the ratepayers for decision. Bylaws, Nos. 18, 19 and 20, are, therefore, in their practical effect, a plebiscite upon the system of charging for local improvements. Property owners who, under last year's bylaws, have been charged in full for local improvements may relieve themselves of the 20 per cent., and revert to the 80-20 system, only by voting for the refunding bylaws. Those who favor the system put into effect last year, of charging the entire cost to the abutting property, can register their preference by voting against the refunding bylaws.

The amounts involved in 18, 19 and 20 are \$595,680 on account of paving, \$23,000 on account of plank walks, boulevards and street grading, and \$10,220 on account of concrete sidewalks, all of which amounts are the aggregates of the 20 per cent. of which abutting property will be relieved and with which general taxation will be charged. In order to perform this operation in book-keeping it is not, as the city solicitor has very clearly pointed out, necessary to sell the debentures under last year's arrangement of debentures for the whole amount have already been sold. With 18, 19 and 20 ratified, the procedure will be to deposit the debentures represented thereby in the city vault, raise the corresponding interest and sinking fund each year the same as though the system previous to 1913 had never been altered, and rebate the amount collected to abutting property, thereby balancing the account.

With regard to the working capital, the necessity for it arises through the fact that the city is not safe to undertake any year's operations without being certain of where the money is coming from. Mr. Short saw this and attempted to make provision by selling debentures first, but that his system was not practicable was made manifest by the exasperating readjustments necessitated by the failure of the cost to fit the estimates. That it is not safe to depend upon the banks for a working capital, Mr. Griesbach discovered to his sorrow, and the city's, in 1907 when the bank's refusal to provide further overdraft tied the city's work up in the middle of the season, leaving streets torn up and ditches open for months.

Under the bylaw now being submitted the proposal is to authorize the sale of debentures to provide a working capital of \$2,000,000 which will take the place of the overdraft, thereby providing the facilities for avoiding the pit-fall into which Mr. Short's inexperience in municipal affairs led him, and to avoid the trap in which Mr. Griesbach discovered himself in 1907.

Although authorized, it does not necessarily require that the entire two millions' worth of debentures need be sold at once, although good business practice might dictate that this be done. In consideration of the bylaws, ratepayers should beware of the attempt being made by the Journal and the Bulletin to confuse the issue and create distrust. Both these newspapers thoroughly understand the nature of the bylaws and appreciate fully the safeguards which have been, as the city solicitor explains, thrown about them. But it happens to suit their purpose to attempt to embarrass the administration and to tie the entire law unsalvageable upon their merits—these ones equally so with the others, they select the ones which require explanation and seek to accomplish their purpose, at no matter what cost to the city, by attempting to confuse the minds of ratepayers as to the real nature of the bylaws.

Ratepayers who consult their own interest will vote to ratify all the bylaws.

DR. HARRY SMITH'S OPPORTUNITY TO DEMONSTRATE CIVIC PATRIOTISM.

Speaking upon the public platform to the question of the working capital Alderman Dr. Harry Smith now takes the ground that he is opposed to the \$2,000,000 debenture issue because he does not think two millions necessary. But in the finance commissioner's report No. 704, under date of February 21, in which a recommendation is made that a working capital of \$2,000,000 be provided, the concluding clause reads:

"I recommend that the council authorize that such working capital be raised, and that a bylaw be brought down to cover same, but that the question of whether the half or the whole of the amount be raised this year be left to the discretion of the finance commissioner."

Having heard objections to the clause advanced by Alderman Calder and Smith when all the bylaws were being approved in council, on motion of Alderman Clarke and May, the following clause was added to the motion and carried:

"That in the matter of working capital provided for in said estimates the part of the last clause in finance commissioner's report No. 704 beginning with the words 'but that the question be struck out of said report.'"

With this alteration made in concession to the protest by Alderman Dr. Harry Smith, the working capital bylaw adopted by this year's council was in every essential respect bylaw adopted by this year's council originally made in last year's council, which he supported. So that Alderman Dr. Harry Smith is now opposing upon the public platform a bylaw implementing a proposal which, in last year's council, he voted in favor of, and his given reason for opposing is that the bylaw is now so amended that it does not contain a limitation which he himself was responsible for having struck out.

It seems unfortunate that business so important as that of the city of Edmonton can be cluttered up through the interpolation of such vacuity as is constantly evidenced by Alderman Dr. Harry Smith. As a matter of civic patriotism he should resign and relieve the city of the burden of such stupidity.

TODAY IN DOMINION HISTORY.

Sir George Prevost, governor-general of British North America, commander-in-chief of the army in the war of 1812 and governor of Lower Canada, sailed from Quebec for England 29 years ago today, after an administration of nearly four years. Sir George Prevost was born in England and was a member of the military affairs during the second war between Great Britain and the United States. He was in the beginning of the conflict he had been hampered and held back by instructions to take things easy. In the hopes that a peace might be arranged, Sir Isaac Brock, the able Lieutenant-Governor of Upper Canada, was prevented from repeating the full rewards from his capture of Detroit by this policy of vacillation and apparent weakness, but it is probable that the responsibility is to be attributed more to the ministers in England than to Sir George. Prevost was married in 1804, and he enabled the Americans to recover from the disastrous defeat inflicted upon them by Brock; the latter was preceded by orders from Prevost from him to destroy American shipping on the lakes; and the commander-in-chief recommended the evacuation of Detroit, but in terms that were capable of evasion. Later in the year Prevost ordered General Vincent, commander at Burlington and York, to abandon his posts and retire upon Kingston, and had the time nearly come when Upper Canada would have been left in the possession of the Americans. Vincent disobeyed the order, and, by this disobedience to his superior, saved the province. Prevost seldom commanded his troops in person, but on two occasions when he assumed the responsibility of leadership in the field he was decisively defeated. It is to be said for Prevost, however, that he was not only held back by the ministry at home, but that he inherited from Sir Isaac Brock a bad reputation for military quibbles. He found the French-Canadians alienated from England, and he was charged with the American arguments, and he left them devoted adherents of the British crown who had demonstrated their loyalty on several bloody battlefields.

TODAY WE CELEBRATE

Semi-Centenary of Garibaldi's Triumphant Visit to England.

Italians in London will celebrate today the semi-centenary of Giuseppe Garibaldi's arrival in England for a triumphant tour that continued over three weeks and was marked by great popular demonstrations of enthusiasm and hero-worship such as England had never before manifested for a foreigner. When the great and gentle liberator of Italy set foot on English soil on April 3, 1864, the millions of people who thronged about him came. The warrior of Caprea, who had achieved liberty for his native land at the cost of years of suffering and hardship, and had then declined all honors and retired to his island farm, was a figure of great interest to the democratic instincts of England. They saw in the red-shirted veteran of many conflicts the son of a poor Neapolitan fisherman who had become greater than a king, the sailor-boy who had overthrown the thrones of despotism, and founded a new nation dedicated to liberty and democracy.

Wollington himself did not have a more magnificent reception than that accorded him a century ago today to the Duke of Cambridge. He had a million people assembled in London streets to cheer the red-shirted foe of tyranny. Great nobles as well as obscure commoners joined in the greeting. The carriage of the Duke of Sutherland carried Garibaldi from the landing place through five miles of London streets, and so great was the crush of people that more than six hours were required to cover the distance to Stafford House, where many of the celebrities of Great Britain were gathered to formally welcome the liberator of Italy.

Garibaldi stepped out of the carriage, "as calm as in the day of battle," into a circle of fair ladies and great statesmen on the steps of Stafford House, while the Duke's carriage in which he had come lightly fell to pieces in the stable strained to the breaking point by the weight of the thousands of strong arms that had pulled at it and that it was it passed through a city gone mad with joy.

All of the greatest literary men of England sought out Garibaldi, and all wrote of him in terms of highest praise. "What a noble human being!" exclaimed Tennyson. "His manners have a certain divine simplicity in them, such as I have never witnessed in a native of these islands, among men at least, and they are gentler than those of most young maidens whom I know."

During Garibaldi's stay in England the popular interest in the hero waxed rather than abated, and his appearance in public was always the signal for tumultuous cheers. On several occasions it was with difficulty that the police prevented the excited populace from overwhelming Garibaldi with affectionate kisses and hugging him. The newspapers were filled with accounts of Garibaldi's career, anecdotes, stories and appreciations. They told of his boyhood experiences as a fisherman and sailor, of his being condemned to death in 1820, of his escape to South America, of his warfare against the Austrians in 1848, of his desperate defense of the city of Marsala, of his flight and the death from privation of his devoted wife Anita, of his later experiences as a candle-maker in New York and a shipper on the Pacific, of his return to Italy, his dictatorship over the Two Sicilies, and of his voluntary retirement from power and his refusal of all titles and honors, content in the hour of victory to become a simple farmer on the island of Caprea. Well might Tennyson write of Garibaldi: "The name that earth will not forget Till earth has rolled her latest waves."

Lame Back Strengthened, Stiffness Taken Right Out

Was Relieved in an Hour, and Cured Over Night.

A lame back? Quite unnecessary. All you have to do is to rub on Nerville. It's simply a wonder for backache—relieves after one rubbing. "Nothing possibly could cure an aching back faster than Nerville," writes Mrs. Arthur Kobler, of Lower Chelsea, N.Y. "I caught cold and was so prostrated with pain I could not bend over. I had always had Nerville at home, and I had the painful period rubbed thoroughly with this grand liniment. At once the pain departed. The lameness was rapidly reduced and in an hour I was able to get about. In the morning I was rubbed again just before retiring, and awoke as usual in the morning without a sign of my back trouble."

There is no sort of muscular pain. Nerville won't cure quickly. Thousands swear by it for rheumatism, neuralgia, sciatica and lumbago. It sinks to the core of the pain—right through muscles, tendons and nerves—it penetrates where no oily, greasy liniment can go and invariably cures quickly. If you have an ache of any kind anywhere—use Nerville—it will cure you. Family size bottle, very large size, trial size 25c, at all dealers.

FIRST THINGS

Logarithms. The first to make use of logarithms is solving mathematical problems was John Napier, a Scotch mathematician, who died 297 years ago today. This year marks the forty-seventh anniversary of his invention. Logarithm is a mathematical term, the logarithm of a number being the exponent of the power to which it is necessary to raise a fixed number, called the base, to produce the given number. Napier's system was of immense value in trigonometrical problems, since it was reduced to a simple rule. He had been laboring for months to a few days. The publication of Napier's work in 1614 created a sensation in the scientific world. The invention was completed by Henry Briggs at Oxford, who published the first table a few years later. The method of computing by means of marked pieces of ivory was discovered by Napier and was called "Napier's bones." Napier was educated at old St. Andrews, and, after having charged in the continent, settled down to the life of a recluse student.

TODAY'S BIRTHDAY PARTY

John Burroughs, 76 Today, Fined "Each Day Too Short."

"I still find each day too short for all the thought I want to think, all the walks I want to take, all the books I want to read, and all the friends I want to see. These hours I live the more my mind dwells upon the beauty and wonder of the world."

So wrote John Burroughs, naturalist, essayist, philosopher of the forest, friend of the beasts and birds and all living things. In his last book, "The Summer of the Year," the contemporary and friend of the good grey poet, Walt Whitman, and many other distinguished men who have gone before, the venerable sage of Salisbury, was born at Roxbury N.Y., seventy-five years ago today, April 3, 1837. At "The Summit of the Years" he could look back upon an active, useful life, equally abundant in the life of humanity. In his youth Burroughs was a school teacher, a treasury clerk and a national bank cashier, but for forty years he has lived on a farm, devoting his time to literature and fruit culture, and to that communion with nature which resulted in such books as "Far and Near," "Ways of Nature," "Bird and Bush," and others equally delightful to those who are weary from the hurly-burly of existence and understand and respond to such an appeal as this:

"I have loved the feel of the grass under my feet and the sound of the morning stream on my side. The hum of the wind in the tree-tops has always been good music to me and the fact of the fields has often comforted me more than the faces of men." And at "The Summit of the Years" John Burroughs found this lesson of life:

"That one may have a happy and not altogether useless life on cheap and easy terms; that the essential things are always near at hand; that one's own door opens upon the wealth of heaven and earth and that all things are ready to serve and cheer. Life is a struggle but not a warfare; it is a day's labor, but labor on God's earth, under the sun and stars, with other laborers, where we may think and sing and rejoice as we work."

Like B. old comrade, the good grey poet, Burroughs has often preached heresies as to accepted creeds; but in his acts and thoughts and written words, what modern men have been more religious than these?

TAKE SALTS IF YOUR BACK HURTS SAYS DRUGS EXCITE THE KIDNEYS

Salts harmless to flush Kidneys and neutralize uric acid, thus ending Bladder trouble.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which remove the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid waste, and so we can readily understand the vital importance of keeping the kidneys active.

Dr. Price's is inexpensive; cannot injure; makes a delicious effervescent lithia-water drink, which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and you doubt you will wonder what became of your kidney trouble and backache.

DR. PRICE'S CREAM BAKING POWDER

A pure, healthful, Cream of Tartar Baking Powder

When buying an article of food you are entitled to know exactly what you are buying—its quality and ingredients.

If this information is refused don't buy it.

Some of the low grade baking powders are advertised, but the ingredients of the powders are scrupulously concealed.

A housekeeper would not use a baking powder containing alum if she knew it.

It is well when buying to examine the label on the can. Unless it shows the ingredient cream of tartar, don't buy it. Dr. Price's baking powder is absolutely free from alum.

HARMONY HAIR BEAUTIFIER

The Ladies in this Town are Simply Going Wild over Harmony Hair Beautifier. And no wonder, because to make the hair lustrous, soft and silky we believe there's nothing else—and we sell about all the various hair preparations made—that anywhere near comes up to Harmony Hair Beautifier.

Ask any one of the many women in this town who use it—she'll tell you she "loves" it. Just look at her hair, and you'll come to us and get some yourself.

HARMONY HAIR BEAUTIFIER

Is just what its name implies—Just to make the hair glossy, lustrous, more powerful. Just to make it easier to dress, and more natural to fall easily and gracefully into the wavy lines and folds of the coiffure. It leaves a delightful fresh and cool effect, and a lingering, delicate perfume. Will not change or darken the color. Contains no oil; therefore doesn't leave the hair sticky or stringy. Simply sprinkle a little on your hair each time before brushing it. But first, make sure that your hair and scalp are clean, by using

Harmony Shampoo

—A liquid shampoo to keep the hair clean, soft, smooth and beautiful. It gives an instantaneous, rich, foaming lather, penetrating to every part of the hair and scalp. It is washed off just as quickly, the entire operation taking only a few moments. It leaves no lumps or stickiness. Just a refreshing sense of cool, sweet cleanliness.—Just a dainty, pleasant and clean fragrance.

—Both in odd-shaped ornamental bottles, with sprinkler tops. Harmony Hair Beautifier, \$1.00. Harmony Shampoo, 50c. Both are guaranteed to please you, or your money back.

—These Stage Beauties Endorse Them

There is no class of women who know better how to discriminate in the use of things to make them more beautiful than actresses. Among the many celebrated stage beauties who use enthusiastically praise both Harmony Hair Beautifier and Harmony Shampoo are:

ETHEL BARRYMORE. "The Girl of the Year," New York. LAURETTA TAYLOR. "The Girl of the Year," New York.

CY PIEH PITCHES FOR NEW YORK AGAINST BROOKLYN

Former Edmonton Pitcher Hands Game to Brooklyn When Bases Full.

New York, April 2.—Major League baseball had its season's opening in New York yesterday in an exhibition game between the Brooklyn Nationals and New York Americans at Ebbets-field, Brooklyn, Brooklyn winning 4 to 2, in a ten-inning struggle. First string pitchers started the game for each team, but after five innings Mc-

"RUBE" WADDELL DIED YESTERDAY

San Antonio, Texas, April 2.—George Edward (Rube) Waddell, once famous pitcher, who died yesterday was buried here today. Baseball players carried the body to the grave and many baseball clubs of the north and east sent floral tributes.

Hale of New York gave way to Warhop and Huesch of Brooklyn to Wagner. Pieh, of the Highlanders, and Altchison of the Superbas, finished the game, the New York recuit handing the game to Brooklyn in the tenth by passing a man with the bases full. Score by innings:

New York 001 000 002—3 7 2
Brooklyn 100 000 201—4 9 2
Batteries—McHale, Warhop, Pieh and Sweeney; Reulbach, Wagner and Altchison and McCarthy.

There seems to be a slight misunderstanding in regard to the agreement between the Coast league and the N. H. A. in reference to the drafting of players by the clubs from each other.

We can imagine why the Allan cup trustees ruled Dick Irvine, of the Winnipeg Monarchs, out. He scored nine goals against the "Torontos." That's plenty of reason.

Brampton, Ontario, are out in earnest after the Mann cup. They started training last night, and 18 players were on hand.

It is reported that Sidney Goldman of Los Angeles has secured an offer from Australia of \$5,000 for his soccer King Daphne, 2,844. Arlie Frost will campaign the little black pacer again this year.

Orilla, who have been out of lacrosse for a number of years, will be back in the game with intermediate and junior clubs.

Orilla, April 1.—On Thursday, April 2, the citizens will banquet the two hockey teams, and will present them with solid gold lockets, suitably engraved. During the last four consecutive years the junior team has been much to the front in the O.H.A. series. For two years they were runners-up, and went through the entire season of 1912 without a single defeat, either at home or abroad, and won the championship. Again this year they won the trophy. The intermediate team have been a great surprise in hockey circles, and, owing to hard luck, lost the championship to the Berlin team.

They say Willie Ritchie is to draw \$10,000 a week for his vaudeville stunt. Is this the real stage money. Willie, or stage real coin.

"Don't worry over things and you will not be nervous and you will sleep well. If you sleep well you will be happy, and if you are happy you will live long."

Within 60 miles of New York city there are 104 golf courses.

Boston Athletic association's 18th annual 25-mile Marathon race will be decided on Monday, April 20.

The Jack Johnson vs. Frank Moran boxing match for the heavyweight championship will take place in Paris on June 29, in an arena that is being built for the purpose.

Now come the days when the Edmonton Eskimos, in training at Everett, Washington, must begin to show something to fish, cut bait, or go ashore to speak Lou Nordeck and the "Deacon" went nothing this year but "live-genes."

Quite a lot has been said about a shortage of horses for the races this year, yet every training camp reported more inquiries for stall room than it had last year.

Edmonton runners are keyed to a high pitch over the prospect of getting a half mile under track at the south side athletic grounds this summer, and are practically fully prepared for the season's work.

Frank Drayton is somewhat leary of the secretary's job in the city baseball league this year. Frank, who is the father of amateur baseball in Edmonton, says he will be too busy this year to handle the job successfully.

Battling Levinsky left New York for Chicago. That was one fight he didn't fight.

Wonder he didn't have the porter case as Jack Johnson and stage a few rounds on the pullman.

EDMONTON SOCCER WOULD AFFILIATE WITH THE D. F. A.

Representatives to Calgary Meeting Will Vote to That Effect.

The Edmonton Association Football league is in favor of affiliating with the Dominion Football association, as is the Calgary league to the south of it, and at the football meeting held in the Y.M.C.A. last evening the Edmonton representatives to the A.F.A. meeting in Calgary on April 19th were instructed to vote in favor of affiliation.

Under the ruling of the Dominion Football association it would be possible for amateur players to play against English professional teams that tour Canada, but under the ruling of the A.A.U. pro and amateurs are not allowed to play together when a game is taken.

The local footballers are badly in need of suitable grounds, as there will be some 22 teams of more in the league this summer, and a committee composed of Messrs. Dickie, Armour and Quinn were appointed to wait on Acting Mayor Innes and Parks Commissioner Von Aueberg to try to make arrangements for securing more and suitable football grounds for this summer.

FINAL BOWLING GAMES TONIGHT

Four Games Between Eskimos and Albertas Will Decide Championship.

Tonight at the Olympic bowling alley will see the Albertas battling desperately to win four straight games from the Eskimos in the final series for the city championship. Eskimos took the first three on Wednesday night and as four winning games carry off the 150 worth of prizes offered by the bowling league, it looks like easy money for Bill Matthews and his crew.

There will be a few changes in the lineup of the teams. "Charlie Sloan will take Murchie's place on the Albertas, as that player is out of the city, and this makes it necessary to secure someone to take Frank Gossell's place also. The games will commence at eight o'clock sharp and there will be a large and enthusiastic crowd on hand to see the Albertas try to pull the championship out of the fire.

The big bowling tournament opened at the 14th and entry blanks may be secured from the tournament secretary, Jimmie Neolin.

FIRST BRITISH RUGBY PRACTICE

The Barbarian British rugby club will hold their first practice game on Saturday afternoon, April 4th, at 3 o'clock, on Diamond Park.

The committee request that all interested in British rugby will turn out, whether members of the club or not. Any inquiries about the club should be sent or phoned to the secretary, J. Roche, 335 Fourth street. Phone 6486.

A general meeting will be held on Wednesday, April 8th, at 8:30, in the Y.M.C.A., for the purpose of electing officers for the coming season.

YOUR OWN DRUGGIST BACKS THIS LAXATIVE

If you only knew as much as we and those who have used them do about Rexall Orderlies, you would be as enthusiastic about recommending them as we are. They taste just like candy and eat so easily and pleasantly that taking them is a pleasure.

Rexall Orderlies have a splendid tonic, cleansing and strengthening effect upon the bowels. They help free the system and keep it free from the ailments that result from irregular or inactive bowels. They do this quietly, without griping, nausea, purging, excessive looseness. In a short time they usually make unnecessary the continued use of physics. We don't ask you to take our word for this. We want you to make us prove it, and at no cost to you.

Buy a box of Rexall Orderlies. If not thoroughly satisfied, tell us. We will return your money without question. In vest pocket tin boxes; 10c, 25c, 50c.

You can buy Rexall Orderlies only at The Rexall Stores, and in this town only of us. A. Archibald, druggist, 313 Jasper E.

TODAY IN PUGILISTIC ANNALS

1880—Prince George of Bavaria, for many years middleweight and heavy-weight boxing champion of the German army, born in Munich. Prince George is the elder son of Prince Leopold, brother of King Louis III. of Bavaria. He is the only son of a royal house who glories in a "cauliflower ear," and he also has a slightly deformed nose as a reminder of the many hard-fought contests in which he has participated. Prince George was largely responsible for making boxing a popular sport among the officers and soldiers of the imperial army. The prince-soldier-pugilist won the middleweight championship of the army about ten years ago, and later became heavy-weight champion. He was always willing to defend his honors against all comers, officers and private alike, and his battered feature bear evidence of the prowess of many a clever and brawny boxer from the ranks.

1908—Alan Lauderford knocked out John Will in second round at Philadelphia.

1912—Georges Carpentier defeated George Gunther in 20 rounds at Paris.

1912—Jimmy Clabby defeated Hugh McInnes in 20 rounds at Sydney.

FREDDIE WELSH IN LINE TO MEET WILLIE RITCHIE

Both Men Have Beaten Joe Rivers and Would Furnish Great Battle.

Freddy Welsh's win over Mexican Joe Rivers at Uncle Tom Carey's Vernon arena gives the English lightweight champion a clean claim for a championship battle with title holder Willie Ritchie. This battle with Rivers afforded a good line on how Welsh compares with Ritchie. Ritchie won over Rivers in the championship style by stopping the Mexican cyclone in the fourth, while Welsh outgout him every round but two, contenting himself with the popular decision. A bout between these boys would no doubt furnish some interesting fighting. It is to be hoped that some sort of agreement will be reached between them to meet at a very early date and that Ritchie's proposed bout with Jimmy Duffy for ten rounds at the Queensberry A. C. of Buffalo will not influence them in arranging for this championship affair.

BOARD APPROVES CITY PARK BYLAW

School Managers Think Program Means Much to Children of City.

TEACHERS' TENNIS COURT Effort to Be Made to Eliminate All "Movies" With Criminal Tendencies.

Inasmuch as the civic bylaw for extension of parks and playgrounds to be voted upon on Monday, will be an important auxiliary to the development of the playgrounds movement being undertaken by us, we, as a board, recommend this bylaw to the favorable consideration of the ratepayers.

The above resolution was passed last night by the casting vote of Walter Ramsey, the chairman of the Edmonton Public School Board, placing themselves on record by endorsing the 121-130 bylaw for city park improvements. A communication was received from R. B. Chadwick in which he asked that some steps be taken to secure some sort of expression of opinion from the children as to their likes and dislikes to moving pictures. In their efforts to eliminate all pictures that had a criminal tendency, the censors wanted to keep in mind what the children liked so that the educational value of the moving pictures might not be lost. This matter was referred to Superintendent Carpenter.

The report brought in by the special committee appointed to consider the formation of an advisory industrial board in connection with technical education was adopted and recommended that the board consist of the school management committee of the public school board, and representatives of the Industrial Association, the Trades and Labor Council, the Builders' Exchange, the Local Council of Women, The University of Alberta and the Board of Trade.

The question of tennis court for the teachers and older pupils of the Queen Alexandra, Oliver, King Edward, Norwood, and Parkdale schools, was brought up last night by G. R. Jackson, superintendent of playgrounds. This he stated, would mean a great expenditure of funds. This matter was left in the hands of the building and ground committee.

It was decided upon the recommendation of the school management committee, to approach the Canadian Red Cross with a view of taking action for the purpose of popularizing "O Canada." An attempt will be made to decide upon a standard English version of this song. The sum of \$700 was voted for cadet uniforms.

Congratulated by Connaught.
Toronto, April 3.—The Canadian Institute last night had conferred upon it the prefix "Royal" at an interesting ceremony in Convocation hall, in which Sir John Oliver, Lieut. Governor of Ontario, as representative of the Duke of Connaught presented the title. Among those who took part were Prof. A. F. Coleman of Toronto University and Principal Peterson of McGill University, Montreal. A message of congratulation was received from the governor general.

C. P. R. INNOVATION IN BOAT SERVICE

Passengers to China Can Now
Visit Honolulu and San
Francisco.

NO INCREASE IN FARES
Traveling Passenger Agent
States Will Look After
Trans-Pacific Trade.

The Canadian Pacific has inaugurated something new in trans-Pacific steamship service recently, by which visitors by line to China and Japan can also visit Honolulu and San Francisco, either coming or going, without any increase in fares. This alternate route is expected to prove popular next year during the two big California expositions, at San Francisco and the Panama-Pacific.

This was referred to today by Thomas P. Madden, traveling passen-

ger agent for the C. P. R. steamship department, who was at the King Edward hotel. He also stated that April sailings for Atlantic and St. Lawrence ports from the old country are good and a large traffic is expected this year.

Notwithstanding the fact that two magnificent new boats have been put on the trans-Pacific run, the Empress of Asia and Empress of Russia, the two which formerly sailed from Vancouver to the Orient, the India and the Japan, will be kept on the run. Mr. Madden said that he has not heard anything about the latter two ships being used for Vancouver-San Francisco business during the 1915 fair.

He showed a Capital reporter, however, a booklet recently issued by the company, which describes all the points of interest, best hotels, auto trips, etc., in China and Japan all of which tends to show that the big transcontinental is going to pay more attention to trans-Pacific trade in the future than in the past.

In the booklet it is also stated that an around-the-world aviation race will take place in May next year, starting at Vancouver at the exposition grounds. The exposition itself is offering \$150,000 as a prize for the winner.

The C. P. R. hotel at Calgary, which is expected to open on the first of next month, will be called the Palliser, in honor of Captain Palliser, who explored the Calgary country between 1857 and 1859.

**CARNATIONS "ASSUME"
HORSE SHOW COLORS:**
A PRETTY DISPLAY

Anyone who loves to look at flowers—and who is there that does not?—may have been interested during the past few weeks to see displayed in shop window carnations of a most unusual color, green, at least they were mottled green and white, and attracted a great deal of attention and comment for a few days around the seventeenth of Ireland.

Mary, living in a florist's window on Jasper avenue, thought they were but tissue paper imitations, and their curious, was all the more when they were told they were the genuine article.

Today in the same window at 26 Jasper avenue was displayed a number of large bouquets of beautiful carnations, but this time in still different and more delicate hues, pale blue and yellow, possibly in unison with the Horse show colors.

Upon inquiry at the florist's shop, as to how these carnations of unusual color were "made," the Capital reporter had it demonstrated to him how pure white carnations are taken and placed in a colored solution, and allowed to absorb the colored fluid into their stems and flowers, with the result that the delicate white carnation takes the color of the fluid into itself and reproduces that color in its flower.

The process of complete transformation from pure white to a definite color, takes considerable time, but when the performance is completed the florist has before him not only a richly beautiful and delicately colored flower, but a splendid "business puller" as well, for if there is anything in the world that the women of Edmonton like, it is something "different," something out of the ordinary, something exclusive, something classy, such as these yellow, green or blue carnations and it is a fact that many of the Edmonton florists are now growing carnations of every color.

**SAYS MARKET ON
SOUTH SIDE NOT
NEARLY ADEQUATE**

Yesterday afternoon, Commissioners Booth, Chalmers, Harrison and Saunders made a trip to the south side and inspected the city offices and market building and present site.

Commissioner Harrison stated this morning that the south side market was totally inadequate to meet the present business carried on and although no expenditure could be made this year to any great extent the complete renovating of these grounds was being contemplated and a new year a new building to be constructed. The proposal is to tear down the present corrugated iron building between the horse and the new fire station on First avenue north east, the cleaning up of the lots and utilizing them for a hay market. The present market building will be re-arranged and made into stalls for the selling of produce by the farmers. The west side of the market facing on First street north east will be used mainly for the farmers to sell the produce directly to the consumer. The horses will be accommodated on the north side, making a fine area and centrally located market worthy of the south side.

**COURT INTERPRETER
APPOINTED: INCREASE
OF FOREIGN ELEMENT**

Frank Braska, a young Pole who has been in the country for some time has been appointed court interpreter for the police court. Mr. Braska speaks the languages, English, Polish, Russian and Rutenian. The foreign population has grown in such an extent in Edmonton that this step has been found necessary. Up till the appointment of this man it has been the custom to employ anyone at all who can speak the desired language, but this has not proved altogether satisfactory. In the past the man who has been employed as an interpreter was paid two dollars per case, while now the interpreter will be paid a salary. At the present time practically 50 per cent. of the cases that are tried in the police court are among the foreign element of this city, and sometimes a case had to be held over for the purpose of securing a qualified translator.
